

Curriculum Vitae

Patricia J. Culligan

Professor, Civil Engineering & Engineering Mechanics
Associate Director, Institute for Data Sciences and Engineering
Co-Director, The Urban Design Lab of the Earth Institute
Columbia University, New York, NY 10027
Tel: 212 854 3154; Fax: 212 854 6267; E-mail: pjc2104@columbia.edu

Education:

<u>School</u>	<u>Degree</u>	<u>Date</u>
Université d'Aix-Marseille III	Diplome de Langue, Litterature et Civilization (avec Mention)	1993
Cambridge University	Ph.D.	1989
Cambridge University	M.Phil.	1985
University of Leeds	B.Sc. Hons. (Civil Engineering)	1982

Principal Fields of Interest:

Water Resources; Porous media flow and transport; Geo-environmental engineering; Urban sustainability

Career History:

<u>Employer</u>	<u>Position</u>	<u>Beginning</u>	<u>Ending</u>
Columbia University	Associate Director, Data Science Institute (DSI)	July 2012	present
Columbia University	SEAS Vice-Dean for Academic Affairs	Jan 2010	July 2012
Columbia University	Full Professor	July 2005	present
Columbia University	Associate Professor	July 2003	June 2005
Massachusetts Institute of Technology	Associate Professor	July 1998	June 2003
Massachusetts Institute of Technology	Assistant Professor	July 1994	June 1998
City University, London	Honorary Visiting Research Fellow	Oct 1993	Jun 1994
University of Western Australia	University Postdoctoral Research Fellow	Dec 1989	Jul 1992
City University	Research Fellow	Mar 1989	Nov 1989
Cambridge University	Graduate Research Assistant	May 1984	Feb 1989
C.H. Dobbie & Partners	Graduate Engineer	Sept 1982	Apr 1984

Professional Registration: Chartered Engineer with the UK Engineering Council (Reg. No. 436148)

Publications: 6 books; 5 book chapters; 98 refereed articles; 39 other major publications (National Academy Reports; Professional Periodicals, etc.).

Theses Supervision: 5 Bachelors; 26 Masters; 17 Doctoral as Supervisor (4 in progress); 24 Doctoral as Reader.

Research Funding: Funding as Columbia University faculty member [2003 - 2015] \$15,330,000 (\$8,130,000 as PI).

Academic Leadership/ Management: Founding Associate Director, Columbia University's Data Science Institute; Vice-Dean of Academic Affairs for Columbia's School of Engineering & Applied Science (SEAS); Founder of SEAS Office of Faculty Development and Diversity; Co-Chair of Provost's Task Force on Women and Minorities in Science and Engineering; Founder of SEAS Education Center for Sustainable Engineering; Graduate of Harvard University's 2009 Management Development Program.

Awards and Honors Received:

<u>Award/ Honor</u>	<u>Date</u>
Columbia University's Great Teacher Award	2015
Norma Slepecky Memorial Lecturer, Syracuse University	2014
Women in Science and Engineering Award for Leadership in Sustainability, University of Wisconsin, Madison	2013
Elected to the Board of Governors, ASCE Geo-Institute	2011
Plenary Speaker, National Academies <i>Frontiers of Engineering Education</i>	2011
Plenary Speaker, American Society of Civil Engineers Annual Geo-Institute Conference	2008
ASCE Journal of Geotechnical and Geo-Environmental Engineering, Editorial Board Member of the Year	2007
Columbia University Presidential Award for Outstanding Teaching	2007
Plenary Speaker, Sixth International Conference on Physical Modeling in Geotechnics	2006
Columbia Engineering School A. & J. Avanesians Diversity Service Award	2006
Columbia Engineering School Distinguished Faculty Teaching Award	2006
Invited Participant, Women in Engineering Leadership Institute (WELI) 2005 Leadership Conference	2005
Idaho National Environment and Engineering Laboratory, Academic Center for Excellence (ACE) Faculty Fellowship	2001
Arthur C. Smith Award for contributions to undergraduate life at MIT	1999
National Science Foundation CAREER Award	1999
Edgerton Career Development Chair	1996
University of Western Australia Mosey Visiting Fellowship	1996
Jasper and Marion Whiting Foundation Travel Fellowship	1996
Queen's University, Canada Visiting Scholarship	1995
British Council Academic Links Award for Research Collaboration	1994
University of Western Australia, Postdoctoral Research Fellowship	1989-1992
British Institution of Civil Engineers Prize for "outstanding undergraduate work"	1982

National Academies Service

<u>Activity</u>	<u>Beginning</u>	<u>Ending</u>
Chair, Board of Earth Sciences and Resources Committee on Geological and Geotechnical Engineering	April 2014	present
Member, National Academies National Research Council Workshop Planning Committee on Best Practices for Risk Informed Remedy Selection, Closure and Post-Closure Control of Contaminated Sites	May 2013	July 2014
Member, Board of Earth Sciences and Resources Committee on Geological and Geotechnical Engineering	March 2011	present
Member, National Academies National Research Council Committee on the Analysis of Cancer Risks in Populations Near Nuclear Facilities: Phase 1	Feb 2011	March 2012
Member, Nuclear and Radiation Studies Board	April 2008	Dec 2013
Member, National Academies National Research Council Committee on Development and Implementation of an EM Cleanup Technology Roadmap	Mar 2007	Mar 2009

Member, New York Academy of Sciences Steering Committee for Green Science and Engineering Systems Initiative	May 2006	Sept 2008
Member, National Academies National Research Council Committee on Management of Certain Radioactive Waste Streams Resulting from Reprocessing Tank Waste at DOE Sites (Congressionally Mandated Study)	Mar 2005	Mar 2006
Member, National Academies National Research Council Committee on Opportunities for Accelerating Characterization and Treatment of Wastes at DOE Nuclear Weapons Sites	Oct 2003	Jan 2005
Member, National Academies National Research Council Committee on Long-Term Institutional Management of DOE Waste Sites	July 2001	June 2003

Editorial Board Membership

Associate Editor, Vadoze Zone Journal	Feb 2008	Sept 2011
Associate Editor, AGU Water Resources Research	Jan 2007	Jan 2011
Editorial Board Member, International Journal of Physical Modelling in Geotechnics	April 2000	July 2010
Editorial Board Member, Electronic Journal of Geotechnical Engineering	May 1996	April 1999

Service to Professional Associations (all by invitation only):

<u>Activity</u>	<u>Beginning</u>	<u>Ending</u>
Member, Board of Governors, ASCE Geo-Institute	Sept 2011	Sep 2014
Organizing Committee, 17 th International Sustainable Development Research Conference, Columbia University, May 8 – 10 th , 2011	Sept 2010	May 2011
Member, Nominations and Elections Committee, Geo-Institute of ASCE	Feb 2009	Feb 2010
Organizing Committee, ISSMGE International Conference on Physical Modelling in Geotechnics, Zurich, Switzerland, June 2010	Jan 2009	July 2010
Member, ASCE Huber Award Selection Committee	Jan 2009	present
Member, ASCE Paper Awards Committee	Jan 2008	Jan 2011
Chair, Geo-Institute of ASCE Awards Committee	Aug 2007	July 2010
Organizing Committee, ASCE GeoCongress 2008: The Challenge of Sustainability in the Geo-environment, New Orleans, Louisiana, March 9 – 12 th , 2008	Nov 2006	Feb 2008
Organizing Committee, ISSMGE International Conference on Physical Modelling in Geotechnics, HKUST, Hong Kong, 4 – 6 August, 2006	July 2004	August 2006
Co-Chair, ISSMGE 12th Panamerican Conference on Soil Mechanics & Geotechnical Engineering and 37th U.S. Rock Mechanics Symposium, Soil & Rock America 2003, Cambridge, USA, June 22 – 26, 2003	June 2000	June 2003
Member, Technical Committee on Centrifuge and Physical Model Testing (TC2), International Society for Soil Mechanics & Geotechnical Engineering	May 1999	July 2010
Member, International Advisory Board for Network of European Centrifuges for Environmental Geotechnics Research	July 1998	June 2000
Member, ASCE Geo-environmental Engineering Committee	July 1995	present
Organizing Committee, ISSMGE International Conference on Physical Modelling in Geotechnics, Newfoundland, Canada, 10 – 12 July, 2002	Sept 1998	July 2002

National Science Foundation Review Panels (last decade only):

<u>Panel</u>	<u>Date</u>
Coastal SEES proposals	March 2014
PIRE pre-proposal reviews: NSF Wide	Jan 2012
Unsolicited Proposals: NSF CMMI Division	Jan 2011
IGERT Systems Proposals, NSF Directorate of Human Resources	June 2010
Innovation in Engineering Education Program, NSF Directorate of Human Resources	May 2008
ADVANCE PAID Proposals, NSF Directorate of Human Resources	March 2008
Unsolicited Proposals: NSF Geomechanics and Geotechnical Systems	June 2007
Canadian National Research Council: Site Visit for Industrial Chair, Guelph University	Feb 2007
CAREER Proposals: NSF Civil & Mechanical Systems Division	Sept 2004
NSF Major Research Instrumentation: Civil & Mechanical Systems Division	March 2004

Administrative Responsibilities Within Columbia University:

<u>Responsibility</u>	<u>Beginning</u>	<u>Ending</u>
<i>University Wide</i>		
Advisory Board, Center for Science and Society	Nov 2014	present
Member, School of Continuing Education Executive Committee	Aug 2013	present
Member, Review Committee for Provost's Diversity Grants	April 2013	June 2013
Member, Committee on Admissions and Financial Aid (CAFA)	Sept 2012	July 2013
Associate Director, Institute for Data Sciences	July 2012	present
Co-Chair, Provost's Task Force on Faculty Development	Nov 2008	April 2009
Member, SEAS Dean's Search Committee	Sept 2008	March 2009
Co-Chair, Provost's Task Force on Women & Minorities in Science & Engineering	Sept 2007	Sept 2009
Selection Committee, Presidential Teaching Awards for Graduate Students	Dec 2006	May 2009
Search Committee, Vice-Provost of Diversity and Faculty Development	Dec 2006	May 2007
Member, Faculty Advisory Committee on Undergraduate Studies in Sustainable Development	Feb 2006	present
Member, Presidential Advisory Committee on Diversity Initiatives	Sept 2005	April 2009
<i>The Earth Institute at Columbia University</i>		
Co-Director, Urban Design Lab	Sept. 2012	present
Member, Search Committee for Sustainability in the Build Environment Lecture in Discipline position, School of General Studies	March 2012	May 2012
Organizing Committee & Plenary Speaker, The Green Roof Science Symposium, Columbia University, April 17 th 2012	Sept 2011	April 2012
Chair, Ad Hoc Committee on Lamont Professor Nominations	Oct 2010	Nov 2010
Earth Institute Faculty Member	June 2009	present
Member, Earth Institute Practice Committee	Jan 2009	June 2010
Member, Earth Institute Education Committee	Nov 2007	present
Member, Earth Institute "Earth Clinic" Steering Committee	Feb 2007	present
Selection Committee, Earth Institute Post-doctoral Fellows	Oct 2004	Sept 2008

Co-PI the Earth Institute's ADVANCE Program	Sept 2005	Aug 2010
<i>School of Engineering and Applied Science (SEAS)</i>		
Member, Task Force on MS and Executive Programs	Sept 2013	Jan 2014
Member, Search Committee for SEAS Director of Facilities	April 2012	July 2012
Chair, Search Committee for Department Chair of Biomedical Engineering	Nov 2010	May 2011
Vice-Dean of Academic Affairs	Jan 2010	July 2013
Director, Education Center for Sustainable Engineering	Jan 2008	June 2010
Faculty Advisor, Columbia University Engineers Without Borders	Jan 2005	July 2009
Co-Chair, SEAS Faculty Development & Diversity Initiatives Committee	Sept 2005	Dec 2009
Faculty Advisor; Women in Computer Science and Engineering (WICSE)	Sept 2005	Sept 2006
<i>Department of Civil Engineering & Engineering Mechanics</i>		
Chair, Faculty Search Committee	Oct 2013	May 2014
Graduate Admissions Committee	Sept 2009	present
Faculty Search Committee in Experimental Mechanics	Nov 2007	June 2008
Graduate Admissions Committee	Dec 2005	Sept 2007
Faculty Search Committee in Construction Management	March 2005	March 2006
ABET Committee	March 2005	Sept 2009
PhD Qualifying Committee	Oct 2003	present
Director, Water Resources and Environmental Engineering Concentration	Sept 2003	present

Recent Funded Projects (2004 – present)

- 2015 – 2017 Principal Investigator, Quantifying and modeling the long-term performance of urban green roofs for stormwater in New York City, EPA \$43,996.00
- 2013 – 2018 Principal Investigator (Co-PIs Becker, Gerrard, McGillis & Plunz), Coastal SEES: Developing High Performance Green Infrastructure Systems to Sustain Coastal Cities, NSF \$2,999,838.00
- 2012 – 2017 Principal Investigator (Co-PI Simon), Sustainable Engineering Graduate Scholars Program, NSF \$594,990.00.
- 2010 – 2013 Principal Investigator (Co-PIs Gaffin; McGillis), Quantifying the Quantity and Quality of Runoff from Urban Green Roofs, EPA, \$100,000.00.
- 2010 – 2014 Principal Investigator, Saturated Particle Transport in Porous Media: An Investigation into the Influence of Flow Direction and Particle Size Distribution, ARO, \$236,149.00.
- 2010 – 2011 Co-Principal Investigator (PI Gaffin, co-PI McGillis), Direct Green Roof Storm Water Mitigation Measurement at Con Edison Green Roof Facility at 43-82 Vernon Boulevard, Queens, New York, Con-Edison, \$69,907.00.
- 2009 – 2011 Co-Principal Investigator (PI Blaustein, co-PIs Orff, Plunz & Sclar), The Accra Millennium Cities Initiative, Private-Donor, \$400,000.00.
- 2009 – 2013 Principal Investigator (co-PIs, Gaffin and McGillis): Quantifying the fundamental behavior of green roofs in an urban environment, NSF \$476,020.00.
- 2009 - 2016 Principal Investigator (co-PIs, Beauregard, Deodatis, Modi & Plunz): IGERT: Solving Urbanization Challenges by Design – A New PhD Program Between Architecture & Engineering, NSF, \$2,959,994.00.
- 2009 Principal Investigator, Earth Institute Internship Support, \$7,200.00.
- 2008 – 2010 Principal Investigator, (co-PIs, Keeley, Plunz, Vlachopoulos, Rosenweig, Gaffin, McGillis): Neighborhood Green Infrastructure: Planning for climate change adaptation in Harlem’s 125th Street corridor, Earth Institute Earth Clinic Seed Funding, \$29,620.00.
- 2008 – 2009 Co-Principal Investigator (PI Taylor, co-PIs Plunz, Siegal of UT Austin): Coupling technology and organizational dynamics to induce energy efficient behavior, Earth Institute Cross-Cutting Initiative Grant, \$31,985.00.
- 2008 – 2009 Principal Investigator, Earth Institute Course Field Travel Support, \$4,800.00.
- 2007 – 2008 Principal Investigator, Earth Institute Summer Internship Support, \$6,200.00
- 2007 – 2010 Principal Investigator (co-PIs, Profs. Deodatis, Griffin, Lall, McGourty, Modi, Pfirman & Plunz) Columbia University’s Academic Quality Fund, An Education Center for Sustainable Engineering. \$190,000.
- 2007 – 2011 Co-Principal Investigator (PI Dr. VanGeen, collaborators Profs Emch (UNC), Mailloux (Barnard) & McKay (Tennessee) NIH EID- Collaborative Research: Does Arsenic Mitigation in Bangladesh Raise Exposure to Bacterial and Viral Pathogens? \$1,500,000.
- 2006 – 2007 Principal Investigator, The Earth Institute at Columbia University: Course Transportation Support: CIEE E3260: Engineering for Developing Communities trip to Ghana, \$4,800.
- 2006 – 2007 Principal Investigator. EPA P3 Program, Development Plan of a Sustainable Water Management Plan for Sakyikrom, Ghana, Africa. \$10,000.

- 2004 – 2010 Co-Principal Investigator (PI Dr. Bell, Co-PIs Profs Cane, Mutter & Pfirman, Dr. Balstad) *NSF ADVANCE* at the Earth Institute, \$4,200,000.
- 2004 – 2009 Co-Principal Investigator (PI Prof. McGourty, Co-PIs Profs. Lall, Gong & Castaldi) Reforming Undergraduate Education in Environmental Engineering: Urban Studios as Knowledge Delivery Systems and Vehicles for Service Learning. *NSF*, \$999,494.
- 2004 – 2007 Principal Investigator (co-PIs, Profs. Garvin, Hawkinson, Lall, Macapia, McGourty, McGrath, McKee, Orff, Plunz & Themelis) *Columbia University's Academic Quality Fund*, Toward New Urban Ecologies: Integrating Science, Engineering and Design Through Education. \$212,140.
- 2004 – 2008 Principal Investigator (collaborator Dr. J. Germaine, MIT) *NSF*, Air-Flow Mechanisms During Insitu Air-Sparging Operations. \$255,000.

Theses Supervised by *Patricia J. Culligan*

Summary

	<u>Total</u>	<u>Completed</u>	<u>In Progress</u>
Bachelor's	5	5	0
Master's	26	26	0
<u>Doctoral</u>			
As Supervisor	17	13	4
As Reader	25	25	0

Current research group: 2 research scientists (one part-time); 4 PhD students, 9 under-graduate research assistants

Doctoral Theses, Supervisor

- [17] Shetty, N. "Real-time monitoring of green streets", PhD Expected May 2016.
- [16] Hakimdavar, R. "Measurement and prediction of urban and rural hydrological processes", PhD Expected Aug 2015.
- [15] Liu, P.C. "Modeling inorganic and microbial particle transport in porous media", PhD Expected Aug 2015.
- [14] Elliott, R. "Integrating structural analyses and hydrological performance in new urban green infrastructures", PhD expected Aug 2015.
- [13] Carson, T. "Evaluating Green Roof Stormwater Management in New York City: Observations, Modeling and Design of Full-Scale Systems", PhD Thesis, Columbia University, May 2014.
- [12] Marasco, D. "Alternative Metrics of Green Roof Hydrologic Performance: Evapotranspiration and Peak Flow Reduction". PhD Thesis, Columbia University, May 2014.
- [11] Jain, R. "Building Eco-Informatics: Examining the Dynamics of Eco-Feedback Design and Peer Networks to Achieve Sustainable Reductions in Energy Consumption" Co-advised Prof. J. Taylor Virginia Tech, PhD Thesis, Columbia University, August 2013.
- [10] Xu, X. "Leveraging Human-environment Systems in Residential Buildings for Aggregate Energy Efficiency and Sustainability", (Co-advised Prof. J. Taylor VirginiaTech, PhD Thesis, Columbia University, July 2013.
- [9] Feighery, J. "A Combined Field and Laboratory Investigation into the Transport of Bacterial Indicator Microorganisms Through a Shallow Drinking Water Aquifer in Bangladesh", PhD Thesis, Columbia University, August 2013.
- [8] Zhao, J. "Nano-Porous Energy Absorption System (NEAS) and Nanofluidics", PhD Thesis, Columbia University, September 2010.
- [7] Schulte, K. E. "Processes for liquid infiltration in dry soil", PhD Thesis, Columbia University, May 2008.
- [6] Toker N. K. "Modeling the relation between suction, effective stress and shear strength in partially saturated granular media". PhD Thesis, MIT, May 2007.

Teaching Experience of *Patricia J. Culligan*

Courses Taught:

<u>Course</u>	<u>Institution</u>	<u>Level</u>	<u>Year</u>
Freshman Design: Civil Engineering	Columbia University	Undergraduate	2012
Hydrosystems Engineering (joint with EAEE)	Columbia University	Undergraduate	2012
Advanced Issues in Development Planning (joint with GSAPP)	Columbia University	Graduate	2010
Fluid Mechanics*	Columbia University	Undergraduate	2003 - 2008
Urban Ecology Studio (joint with GSAPP)	Columbia University	Graduate/ Undergraduate	2004 – present
Engineering for Developing Communities	Columbia University	Undergraduate	2005 - present
Soil Mechanics*	Columbia University	Undergraduate	2006
Groundwater Contaminant Transport and Remediation	Columbia University	Graduate	2004
Waste Containment Design and Practice	Columbia University	Graduate	2005
Environmental Geotechnics: Sub-module on contaminant transport & remediation	Harvard University	Graduate	2001
Introduction to Civil Engineering Materials*	Massachusetts Institute of Technology	Undergraduate	1999-2003
Waste Containment & Site Remediation Technology	Massachusetts Institute of Technology	Graduate	1996- 2000
Introduction to Geotechnical Engineering	Massachusetts Institute of Technology	Undergraduate	1996-1997
Introduction to Geomechanics*	University of Western Australia	Undergraduate	1991

* Included a laboratory section

Freshman Advising Seminar:

<u>Title</u>	<u>Institution</u>	<u>Year</u>
Human Health Pollution & the Environment	Massachusetts Institute of Technology	2000
The European Union	Massachusetts Institute of Technology	1999

Master of Engineering Projects:

<u>Title</u>	<u>Institution</u>	<u>Year</u>
Investigation of the Groundwater Impacts from the Plainville Landfill	Massachusetts Institute of Technology	2000
A Web-Based System for Preliminary Investigation at Hazardous Waste Sites	Massachusetts Institute of Technology	1999

Graduate Summer Schools:

<u>Title</u>	<u>Institution</u>	<u>Year</u>
Geophysical Porous Media: Multi-scale science from nano to global scale: Sponsored by NSF CMG program	Purdue University, July 17 – 26 th	2006

High School Summer Programs:

<u>Title</u>	<u>Institution</u>	<u>Year</u>
Sustainable Urbanization: New Designs for the future city	Columbia University, June 24 – July 12th	2013 - present

Professional Courses:

<u>Title</u>	<u>Institution</u>	<u>Year</u>
Pollutant Transport in Natural Water Systems	Graduate School of Education, Harvard University	2002-2003
Land-Based Waste Disposal	University of Western Australia	1990

Program Management:

<u>Program</u>	<u>Institution</u>	<u>Year</u>
Director, Sustainable Engineering Graduate Scholars Program	Columbia University	2012 - present
Director, IGERT Program: Solving Urbanization Challenges by Design	Columbia University	2009 - present
Director, Education Center for Sustainable Engineering	Columbia University	2008 - 2010
Director, Water Resource and Environmental Engineering Concentration; Department of Civil Engineering & Engineering Mechanics	Columbia University	2003 - present
Supervisor, Undergraduate Research Opportunities Program in Civil & Environmental Engineering	Massachusetts Institute of Technology	2000 - 2003
Supervisor, Cambridge University and MIT Undergraduate Student Exchange Program in Civil & Environmental Engineering	Massachusetts Institute of Technology	2000 - 2003
Faculty Advisor, Chi-Epsilon Honor Society	Massachusetts Institute of Technology	2000
